

TRIP FINANCIAL POLICY

1. All trip donations are considered tax-deductible unless a participant's name is found on the check or money order. Please include the participant's name on an envelope turned in with the payment or with another note attached. Find the tax deduction form [here](#).
2. All deposits are non-refundable/non-transferable. All other donations are non-refundable but can be transferred to another trip. The exception to this is if we have already purchased items on your behalf. In such an instance, the amount we have spent is not refundable or transferable.
3. Recommended deposits:
 - \$250 for domestic trips
 - \$500 for international trips
4. All trip donations will be applied to the oldest trip participated in first until that trip budget is satisfied before being applied to more recent trips
